NOTES

At the glorious Anniversary of 2600th after the Founding of the Empire, the celebrating ceremony was held on November 10th. The lecture meeting and the University opening were taken place on 16-17th as a congratulatory function in our Kyoto Imperial University.

As one of the University opening tasks, the Department of Economics exhibited the materials on the development of economics in Japan and showed systematically the process of the establishment of the Japanese economics and moreover gave some examples of our Department's performance. We believe we could obtain the expected result of the University extension. The following is the outline of the exhibition.

- (A) Economics before the Restoration.
 - (B) Economics after the Restoration.
 - (C) Performance of our Department of Economics.
-
